Concerning Faith

Have you ever seen your brain? Probably not but you know it works right? Can you add, read and write? Move your arms and legs? All those things are controlled by the brain. Yet we have never seen our own brain that controls the very existence of our daily lives. But we have FAITH that it IS there working properly.

We can't physically see the Lord working in our daily lives, just like we can't see our brain working each day. We believe by FAITH that He is with us each day.

Romans 10:17

"So then faith cometh by hearing, and hearing by the word of God."

Here is a book mark for you to decorate and place in your bible.
